The giant theme park Nakagawa Land was built by gathering
all the power of the Nakagawa Zaibatsu, a conglomerate whose
strength is known. Starting with Ryo-san, also known
as Ryotsu Kankichi, the six familiar members of the conglomerate,
Nakagawa, Reiko, Honda, Maria, and Volvo, will be racing in a fierce battle across
six vast fields. Will Ryo-san or someone else be the one to claim the
crown of victory?

About battle

Normal battle

When you enter the same space as a player, a battle begins by using roulette. If you lose the battle, either your points will be taken away, and you will be sent back to the space behind you. Also, if there is another player in the space directly behind you, you will be sent back to the space behind that. The outcome depends on the compatibility between the characters and their state at the time. (In places such as inside a train station or in front of a shop, a battle may not occur even if you enter the same space.)

Roulette during battle

Battle in the final zone

In the final zone battle, you can exchange your opponent's roulette for money or points. If you win the battle and take the good roulette, a comeback is not just a draw.

Kana About money and points

and "points" are very important to winning this race. Money can be obtained from money squares or account during events. Money is essential for purchasing items at the shop. Similarly, points can be obtained from points. Points play a major role in your chances of a comeback in the middle and final stages of the game. (There is no money or points.)
