

THE Gun Shooting

SIMPLE 1500 Series ® Vol.63

How to operate the controller

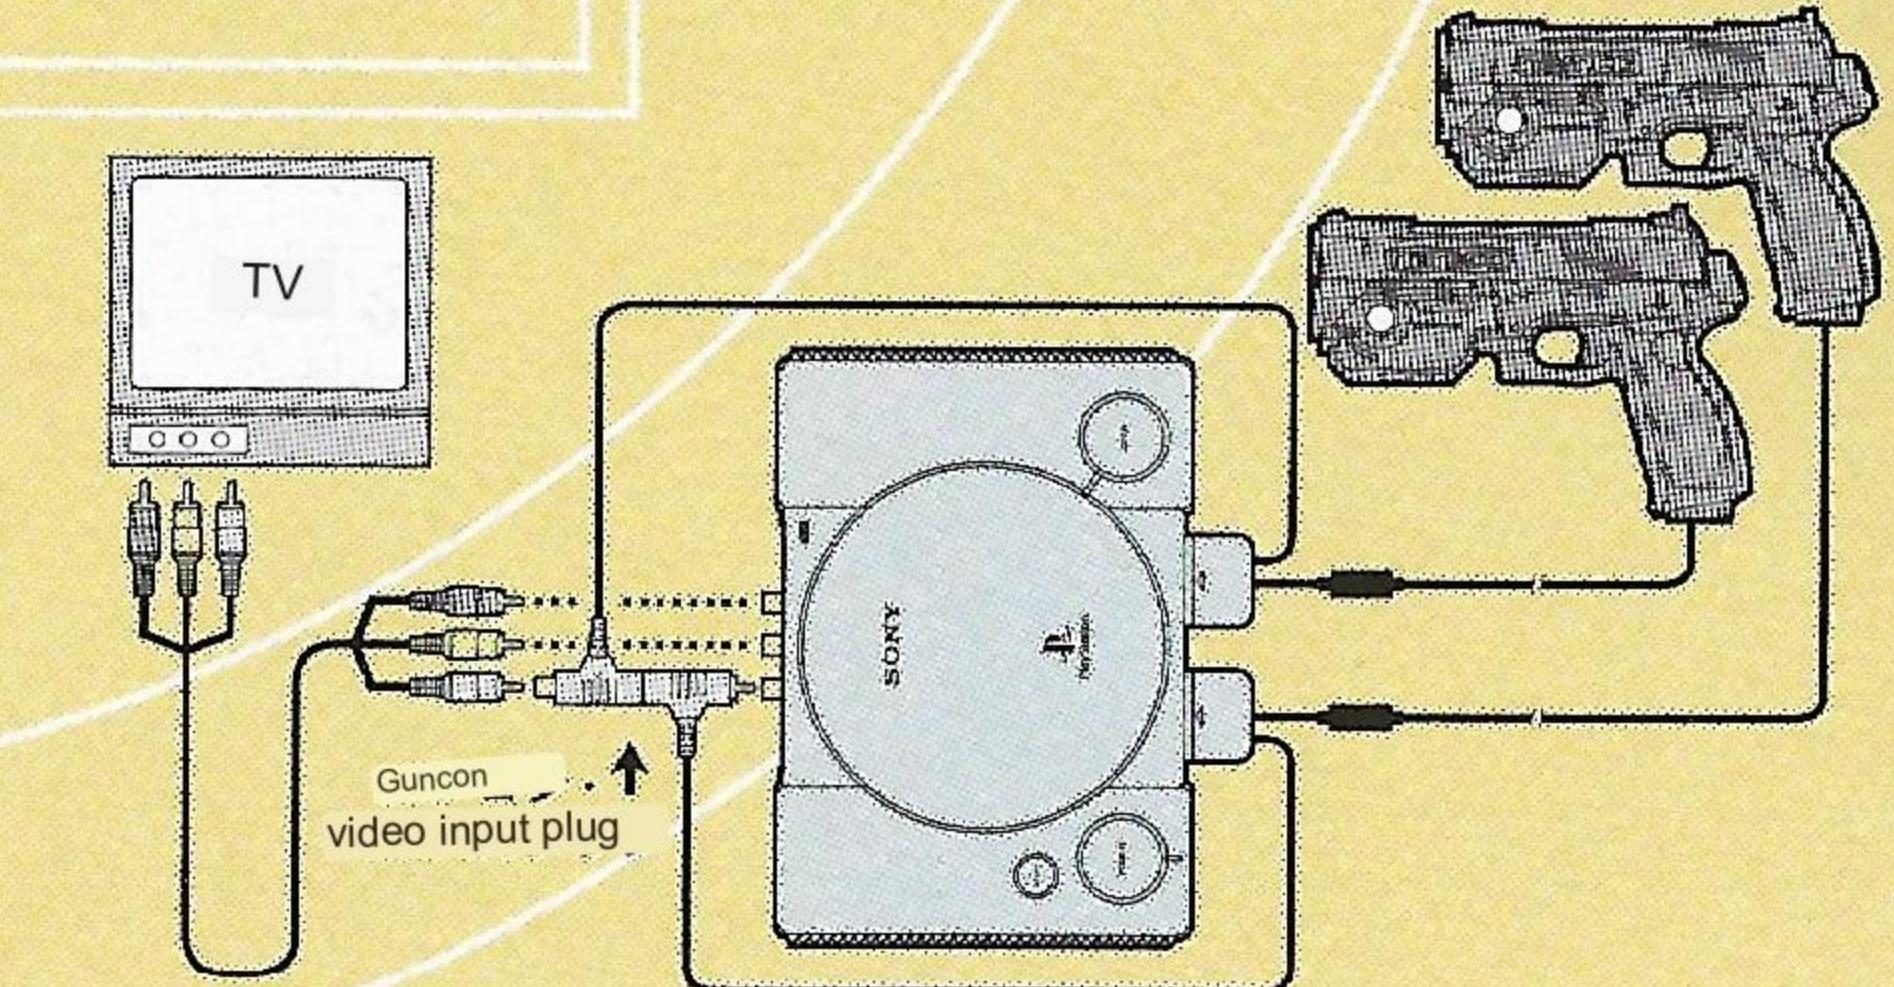

CUN
SHOOTING 2

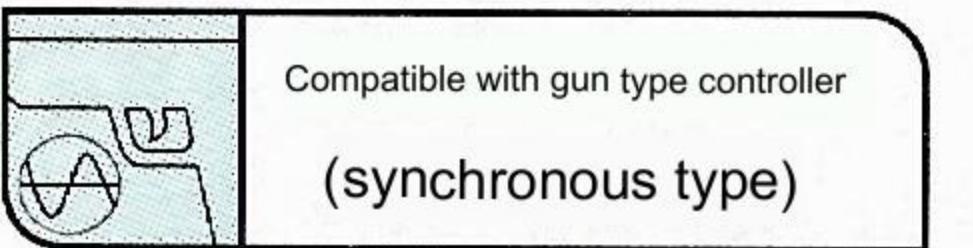

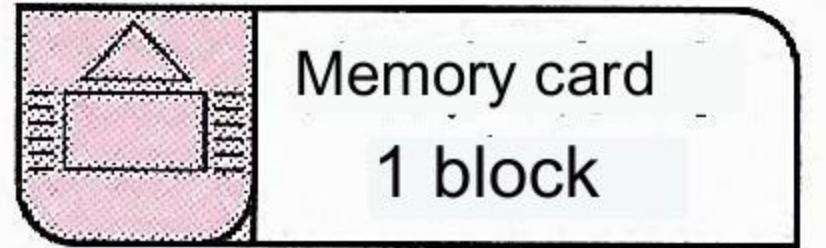

"Guncon" and  Gun(en) is a registered trademark of Namco Corporation.

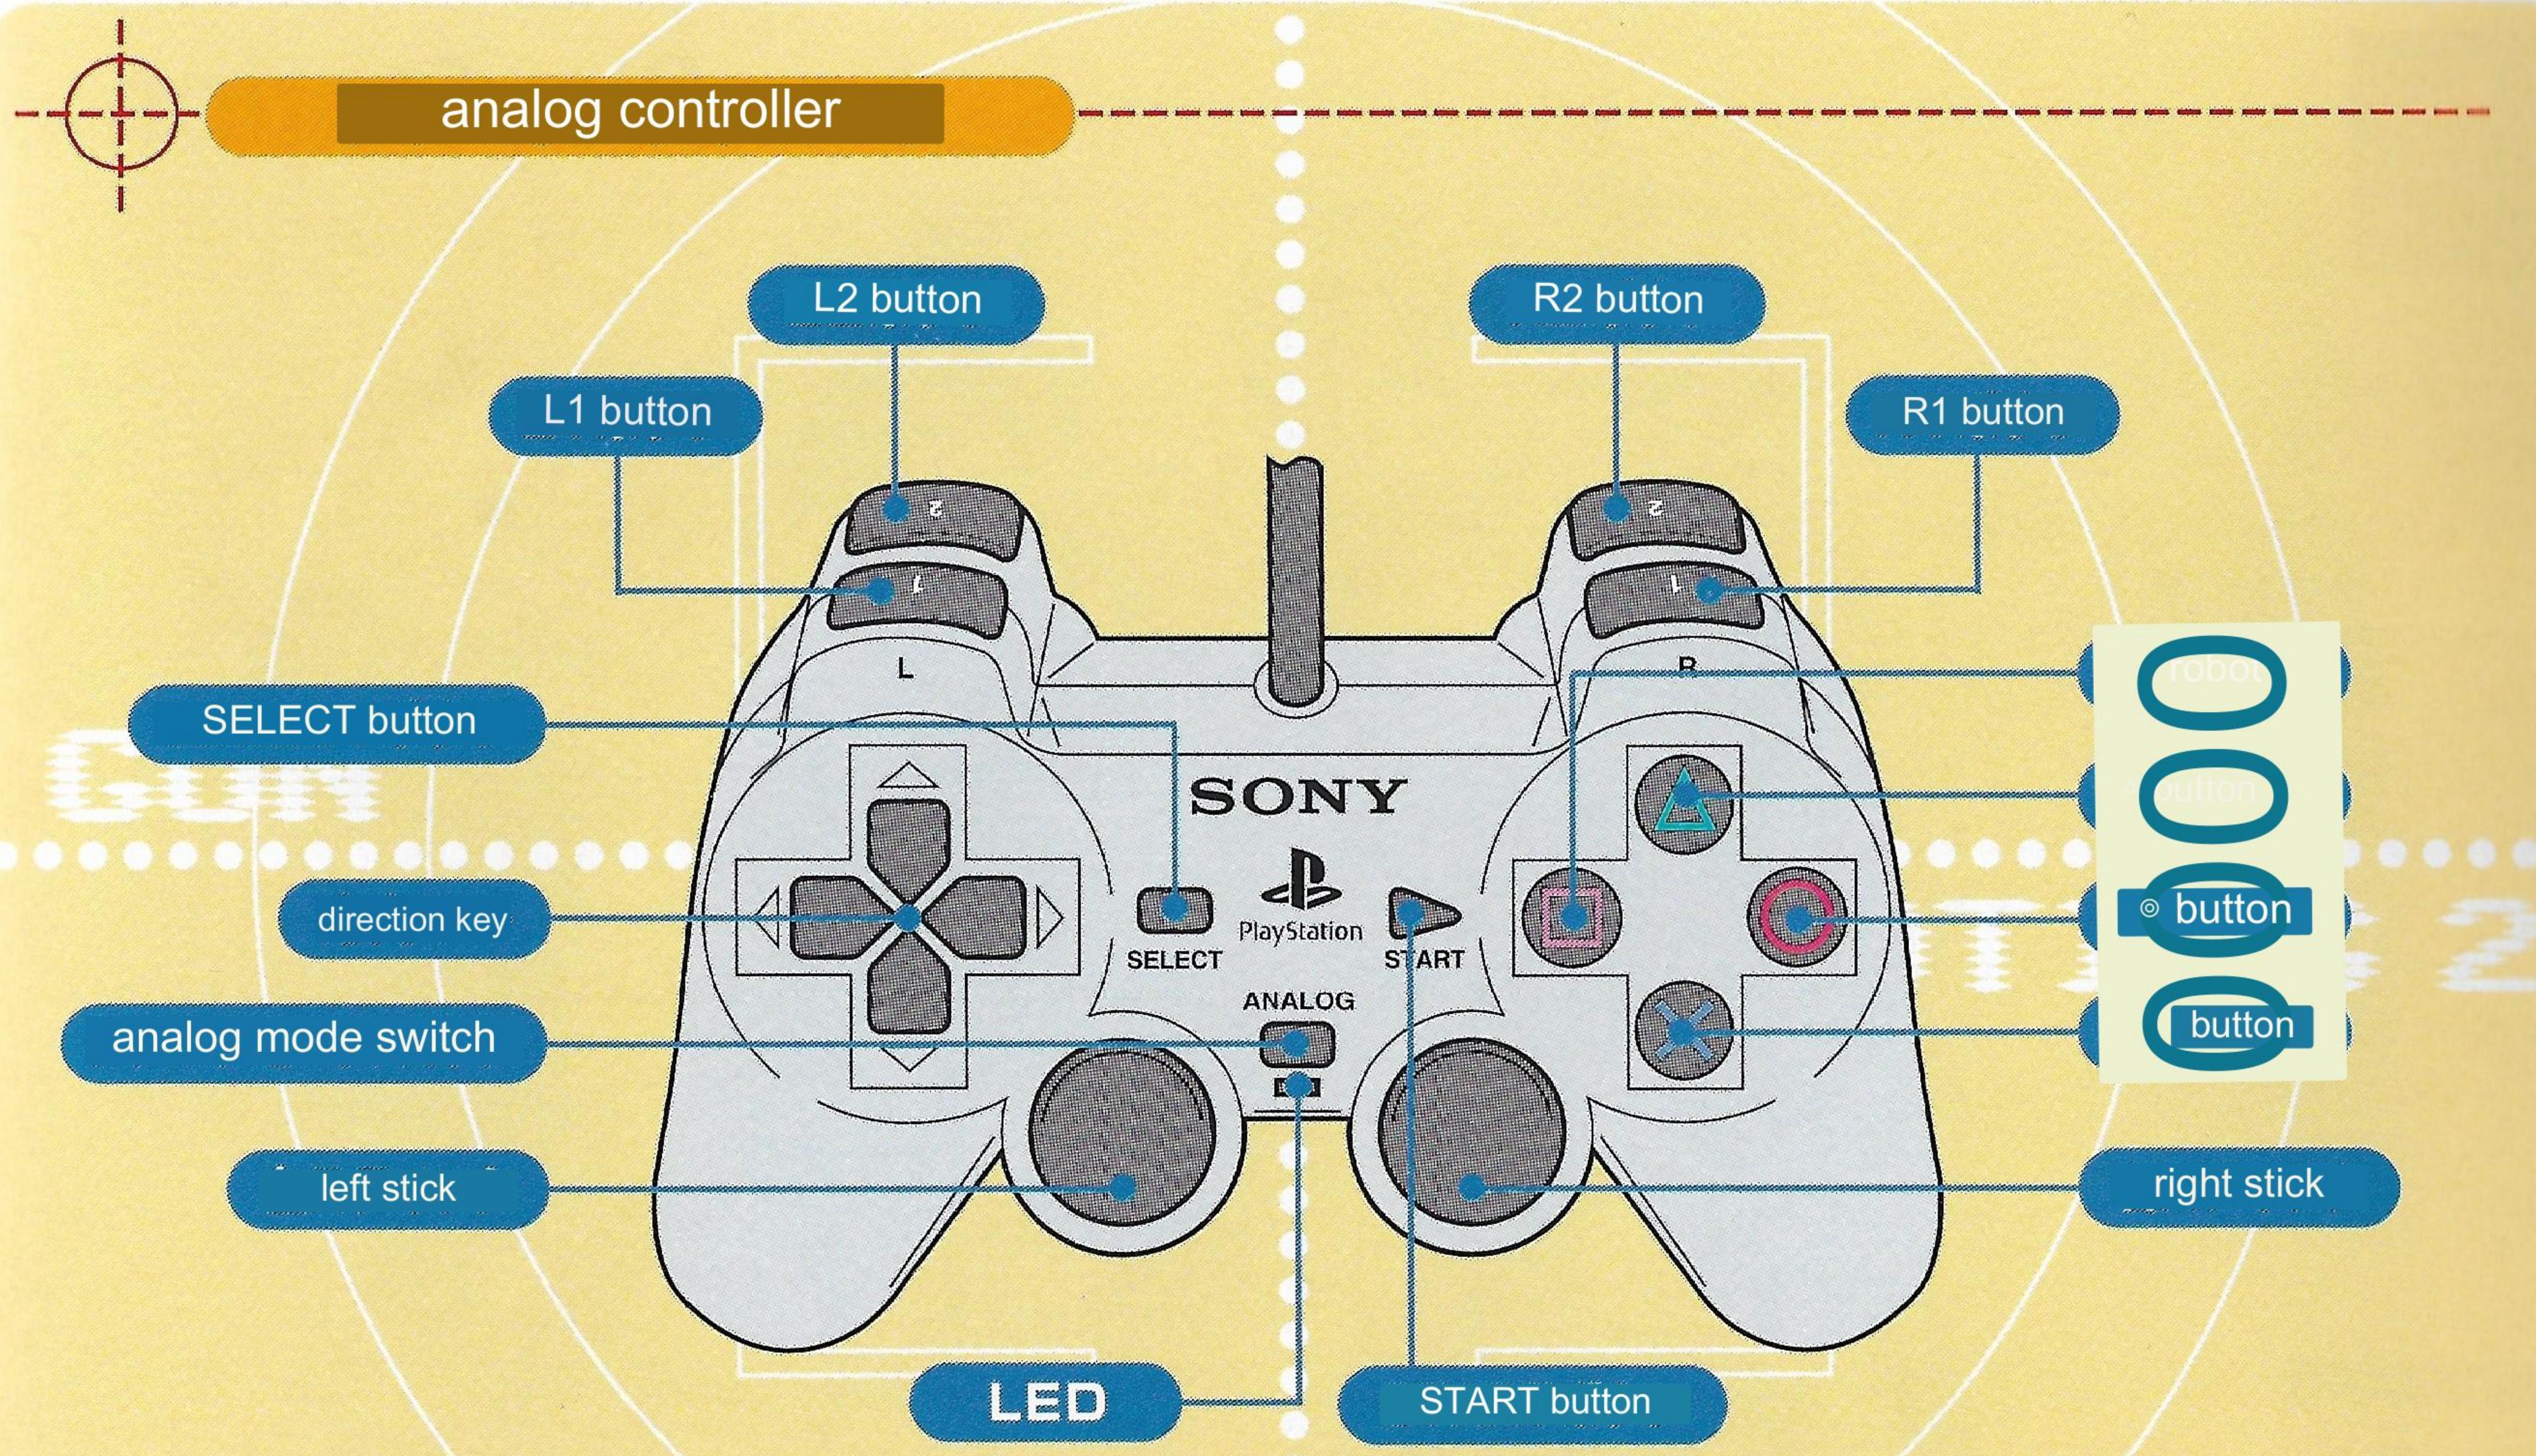

- Connection of 2 Guncon

When connecting two guncon units, connect the video input plugs in series and connect the guncon plugs to each controller terminal. When using an AV adapter (sold separately), connect the video input plugs in series in the same way. Follow GUN ADJUST on the option screen for aiming adjustment.

For Japan Only

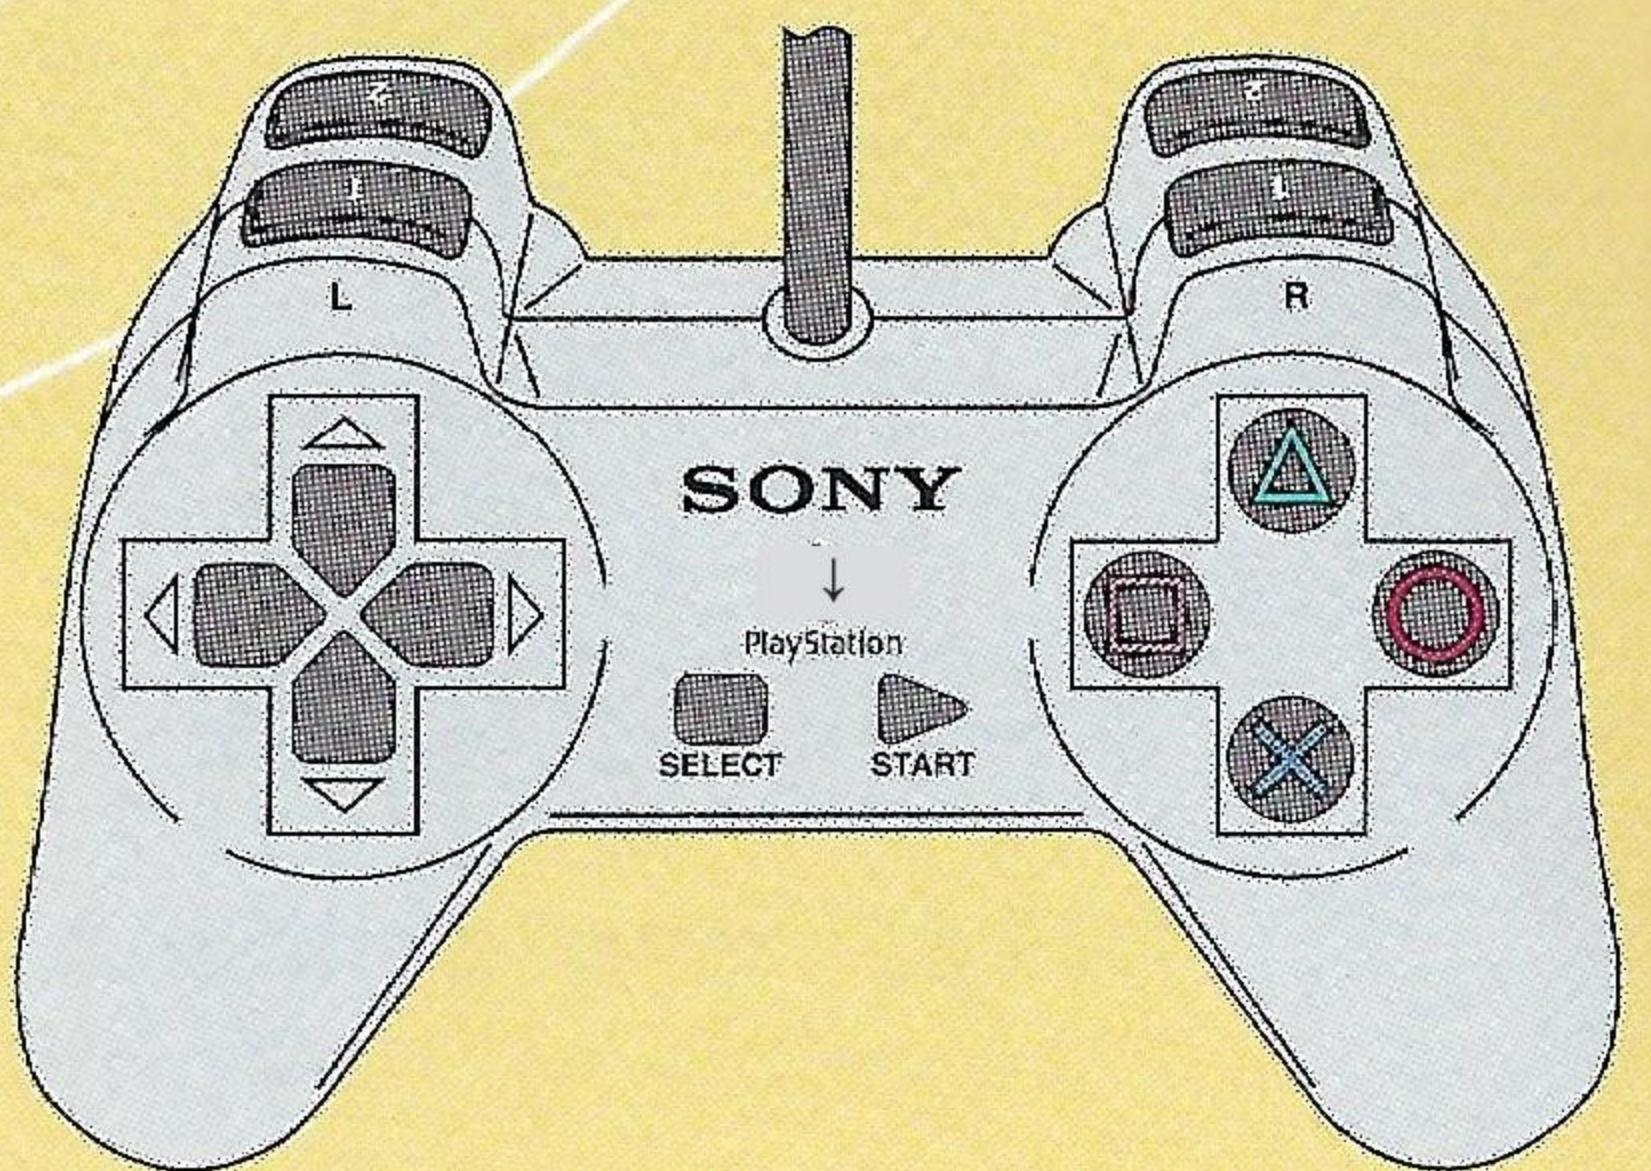

direction key	standard move
○ button	Item decision/ trigger game start
START button	

*Do not use buttons other than the above.

* When playing alone, be sure to connect the controller and GUNCON to the controller terminal.

* Only the 2P player mode of "Story" and "Score Attack" is compatible with GUNCON, the controller connected to the controller terminal.

The names and operations of each part are the same as those of the analog controller.

how to start the game

GUN
SHOOTING 2

Press the button (Trigger for GUNCON) on the title screen. Go to the mode select screen. This screen allows you to select each game mode. However, when GUNCON is connected, it automatically advances to the gun adjustment screen. Make standard adjustments.

CUN

Game mode description

Story

Clear each minigame. In this mode, you advance the story by Depending on your results in each story, the number of mini-games you can choose from will increase. Up to 2 people can play at the same time.

Score Attack

You can play the mini-games that were played in Story mode independently. Earn gold, silver and bronze medals by beating the high scores provided. Up to 2 people can play at the same time.

Party

It can be played with 2 to 8 players. Copy one by one and compete for the total score.

* Only in Party mode, 30 types of mini-games will appear randomly from the beginning. However, the types of mini-games that can be selected in Score Attack will not increase.

Gallery

You can buy panels with the coins you get in Story and Score Attack. By purchasing 6 panels of each picture, you get 1 picture used in the Story. can do.

Option

<Sound>
Set the sound (stereo/monaural).

<Gun Adjust>

Setting the standard for GUNCON

<High Score>

You can see your high score for each mini-game.

Memory Card

<LOAD>
It resumes from where it was saved in the memory card. (The memory card stores the number of coins, mini-games played, panels won, high scores, etc. Loading will overwrite all current game data.)

<SAVE>

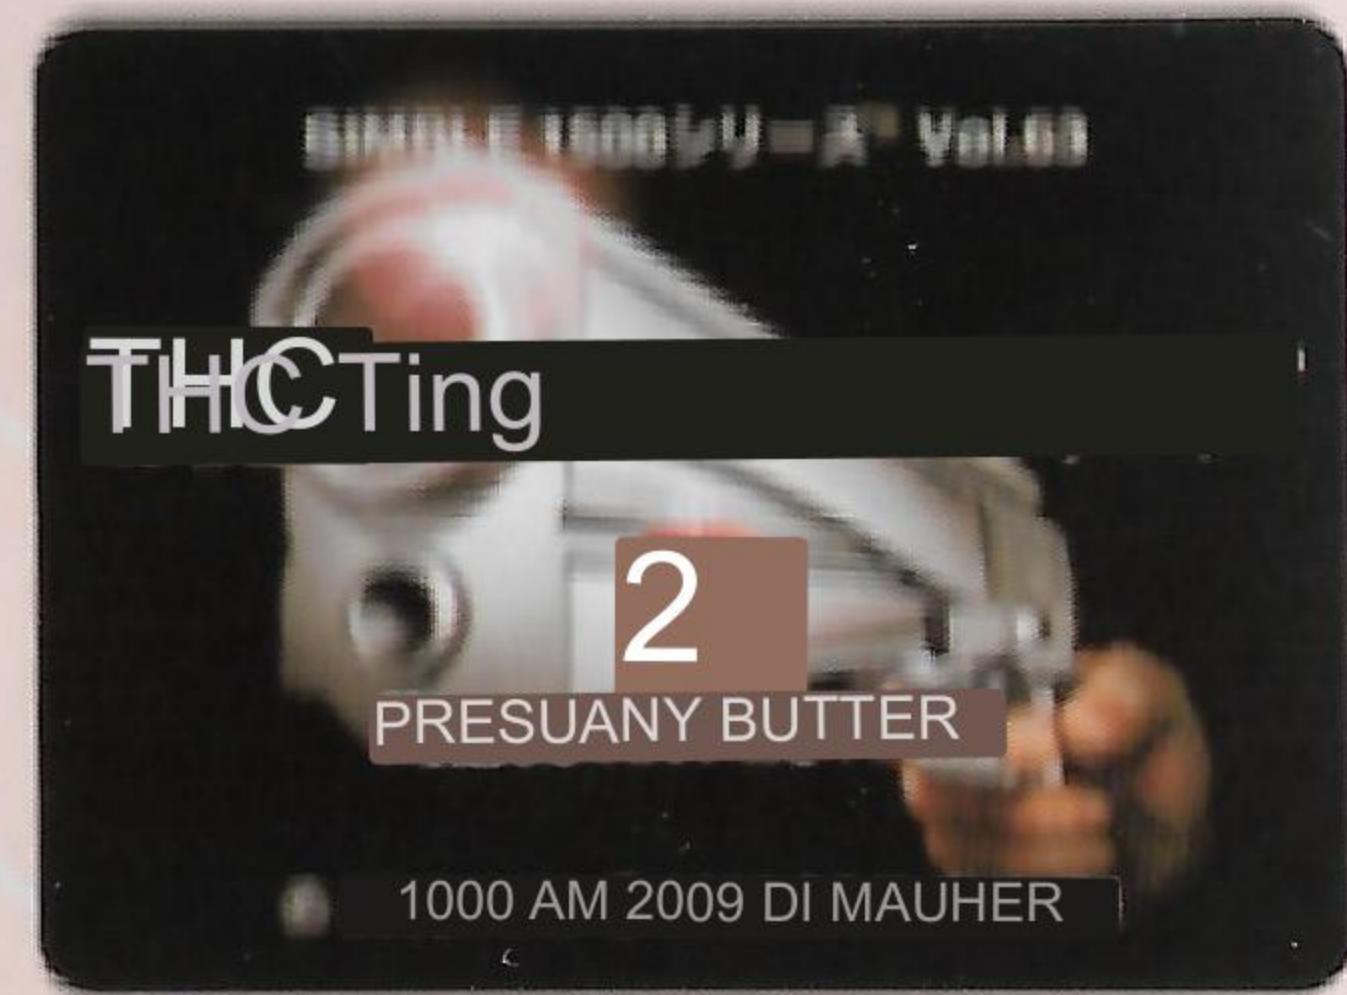

Record the current state on the memory card.

<Auto Save>

By turning it ON, game data will be saved every time each game mode ends.

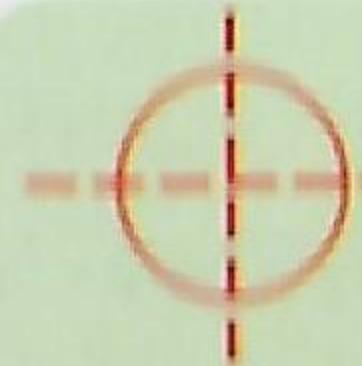

*This game only supports memory card slot 1. * 1 free block is required when saving. *When the game

*Please do not insert or remove the controller or memory card while saving or loading.
is launched, if a memory card with saved game data for this game is connected to memory card slot 1, it will be loaded automatically.

story mode

GUN
SHOOTING 2

Story Description

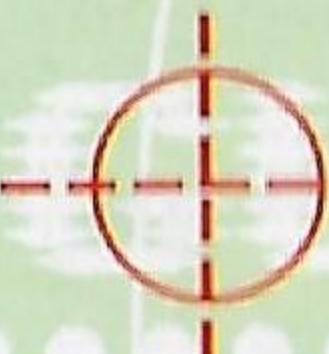

This mode consists of 10 stories. Up to 3 mini-games are given as subjects for each story. Players advance the story by selecting and clearing one of these mini-games. * Return to the menu after each episode.

Mini-games played in this mode can be played in "Score Attack". However, you must exit this mode. Also, if the result of each mini-game is bad, the number of mini-games that can be selected will decrease.

*Play cannot be interrupted in the middle.

In this mode, when playing alone, use only the controller connected to the controller terminal, GUNCON. When playing with 2 players, 1 player uses the one connected to the controller terminal, and 2 players use the one connected to the controller terminal 2.

Character description

One day, all of a sudden, the people around me disappeared. When Lacia runs out of her house, she seeks people out. At that time, I suddenly found a large library that I had never seen before.

Lacia

(Appears during 1P2P)

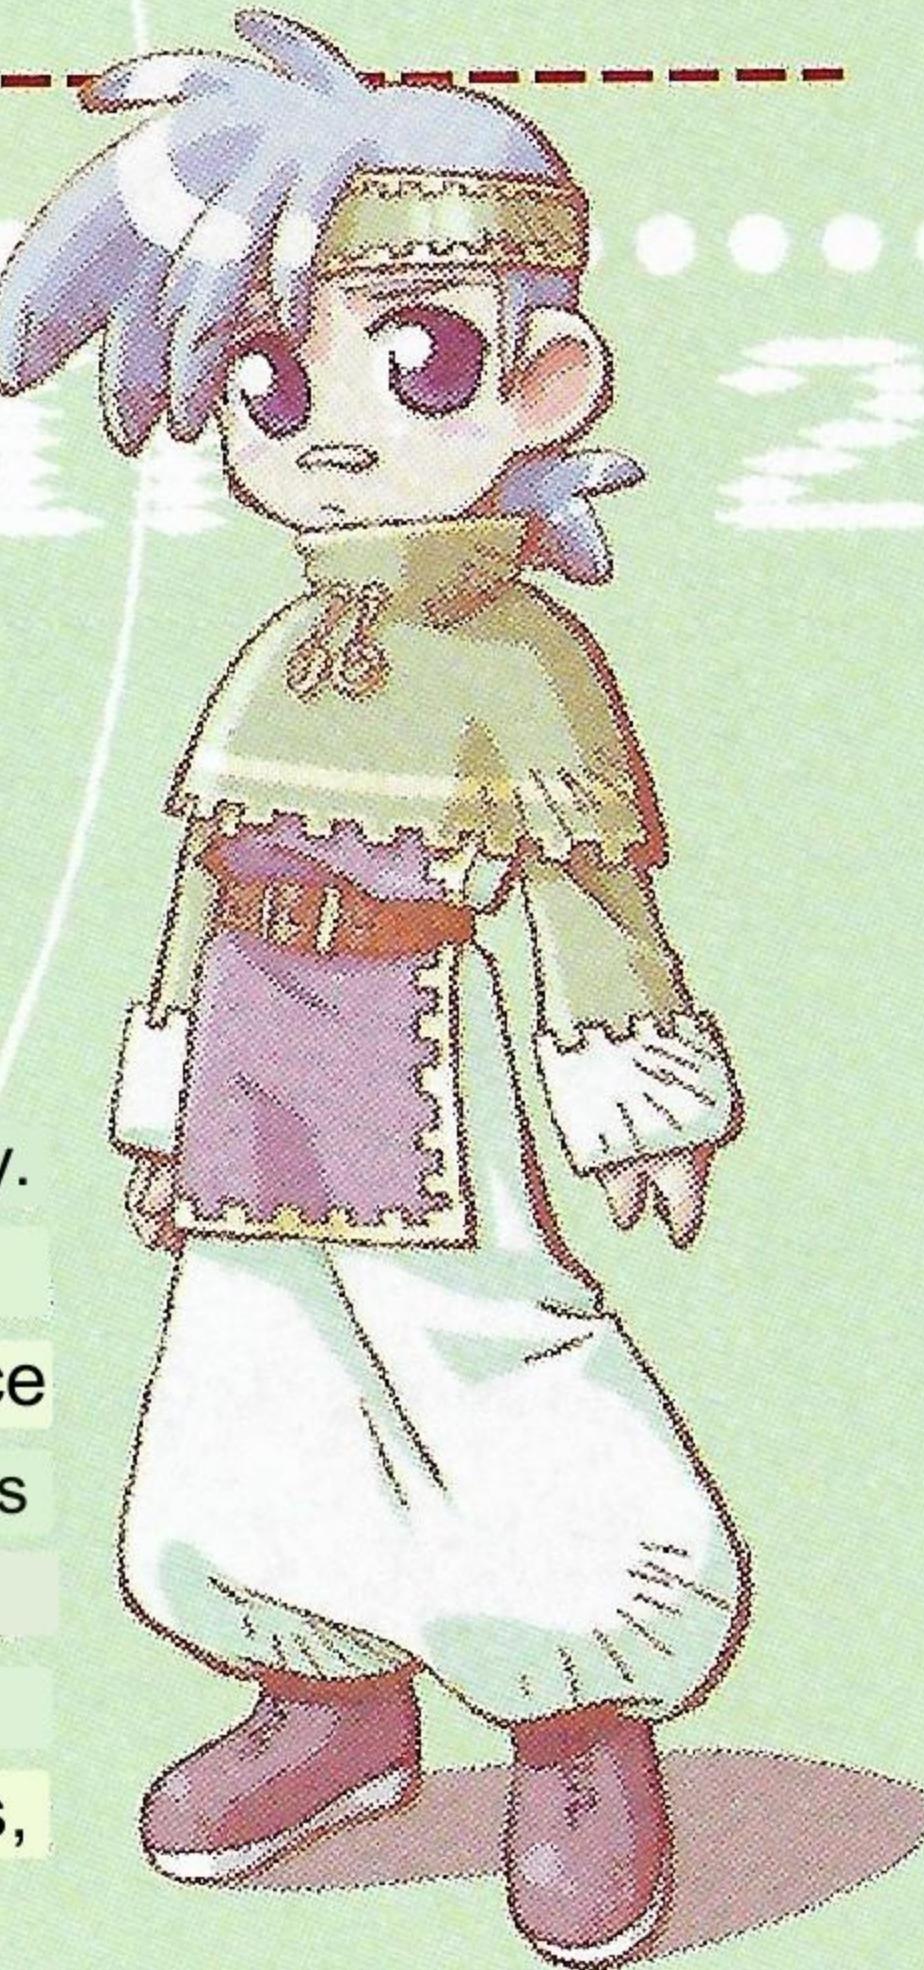

A lively girl with a reputation in the neighborhood. Perhaps because of my fearless personality, I will do my best to be positive no matter what happens. However, there are times when I suddenly want to rely on someone.

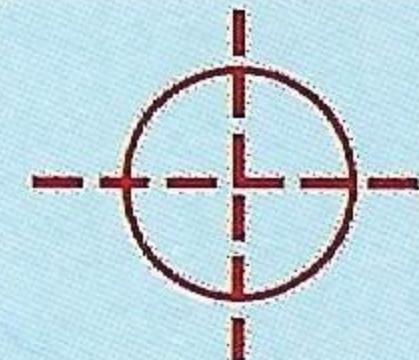

gear

(Appears during 2P)

A seemingly unreliable boy. Maybe it's because I don't have the experience and encounters with various people. She is pushed by Lacia all the time, but when the time comes, she can speak up.

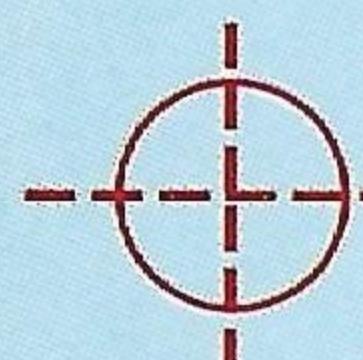

Score attack mode, party mode, gallery mode

Description of Score Attack

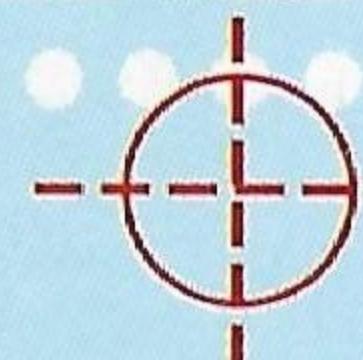

You can play the mini-game that was played in "Story" by itself. Up to 30 types of mini games are available. You can enter your name when you can beat the high score. You can also win gold, silver and bronze medals by beating official records.

Party Description

2 to 8 players can participate. To begin, select the number of games you would like to play. The total score of each game will determine the winner.

In this mode, only the controller connected to the controller terminal, GUNCON, is used to play one by one. Simultaneous play is not possible.

gallery mode

••How to get coins••

Coins can be earned by playing "Story" and "Score Attack". The number of coins you get depends on your score. You can acquire paintings by purchasing panels using these coins.

■ How to get panels ■

The number of coins required to purchase a panel is set. Panels cannot be purchased unless the number of coins is met. Once purchased, panels can be saved by saving. By purchasing 6 panels, you can see 1 painting.

If read the "Instruction

have to pay for it. Precautions for use

Manual" for the software and the "Instruction Manual" and "Safety Precautions" for the model you are using, and use the software in the correct manner. When inserting this disc into a "PlayStation",

"PS one" or "PlayStation 2" console, be sure to place it so that the label side (the side on which titles are printed) is visible. Also, when setting it in the "PlayStation" and "PS one" main unit, gently push the center part to stabilize the disc. When removing the disc from the "PlayStation" or "PS one" after playing, press the open button on the main unit and check that the disc has completely stopped rotating. Never touch a spinning disc, as doing so may cause injury, damage the disc, or damage the unit.

•Do not store in direct sunlight, near heaters, or in places with high temperatures. Avoid places with high humidity. Do not touch either side of the disc. Do not stick paper or tape to the disc.

Do not write on the disc with a pen or the like. •Fingerprints and dust on the disc can cause the image to be distorted and the sound quality to deteriorate. Keep it clean. For normal cleaning, gently wipe the disc with a soft cloth in a radial pattern from the center to the outer edge. Do not use benzine, record cleaners, anti-static agents, etc., as they may damage the disc. Never use cracked or deformed discs, or discs that have been repaired with adhesive, etc., as they may cause malfunction or damage to the main unit. After playing, return the disc to its case and keep it out of reach of children.

Stacking or leaning them diagonally without putting them in a case may cause warping or scratches.

Do not intentionally insert a finger or other body part into the center hole of this disc. It may become stuck or hurt your body. Never throw this disc. There is a risk of injury to the human body or others. •Do not place heavy objects on the case or discs or drop them, as doing so may cause damage and injury. •Please note that we cannot compensate for scratches or damage caused by mishandling by the customer. Do not connect "PlayStation", "PS one" and "PlayStation 2" units to non-LCD projection TVs (screen projection TVs). Image retention (screen burn-in) may occur. Afterimages are especially likely to occur when

Hikari Shigeki Kan Health Precautions playing, please about 15 minutes every

as analog controllers (DUALSHOCK). As a guideline, take a break every 30 minutes. Avoid playing when you are tired or sleep deprived. When playing, make sure the room is well lit and stay away from the TV screen as much as possible. Very rarely, some people experience symptoms such as temporary muscle spasms or loss of consciousness when exposed to strong light or watching a TV screen that repeatedly flickers. If you have a history of this, be sure to consult your doctor beforehand. If you experience any of these symptoms, dizziness, nausea, fatigue, motion sickness-like symptoms, etc. while watching the screen during play, stop playing immediately and consult a doctor.
